

DANIEL ŠPEHAR, dr.med.dent. spec.oral.surgery

CURRICULUM VITAE:

He was born in Zagreb on April 9, 1974.

In 1992 he started School of Dental Medicine in University of Zagreb. After graduation, he worked for 10 years in general dentistry, and also in one branch of dentistry a step above the others, oral surgery.

He finished the residency in 2010 and since then has been working in his own dental practice and a few other clinics as an associate.

He has broad knowledge and extensive work experience, especially in the field of dental implantology.

A corroboration of that are many successfully finished professional dental courses.

Some of them are:

- Clinical periodontology and implantology, prof.dr. Jan Lindhe, 2003., Opatija
- CPR (cardiopulmonary resuscitation) course, 2004., Rijeka
- Congress of Croatian society of oral surgery, 2004., Zagreb
- Congress of Croatian society of dental implantology, 2005., Poreč
- Complications during small oral-surgical procedure, 2007., Zagreb
- Ankylos multi indicative, hands on training by MDT Thomas Schussler, 2008. Dentac Dental Academy Vienna, Vienna
- Dental implantology for advanced and complex cases, One step vertical augmentation with autologous bonering – hands on dissection course, 2013. Medical University of Vienna, Vienna
- Suvremeni trendovi u oralnoj kirurgiji I dentalnoj implantologiji, 2014., Zagreb

- Facial chemo sculpting with botulinum toxinum, dr. Igerc Ivona, 2014. Varaždin
- Facial recontouring and rejuvenation with Princess dermal fillers, 2014. Varaždin
- VIII. Congress of Croatian society of maxillofacial surgery , plastic and reconstructive surgery, 2016. Osijek
- Facial recontouring and rejuvenation with Princes dermal fillers, dr. Igerc Ivona, hands on course, 2017. Varaždin
- Implant prosthodontics GC Aadvia “hands on” course, as a lector, 2018.
- Immediate placement and loading – socket shield surgery, Advanced course in soft tissue regeneration, Andreas Barbetseas DDS, hands on course, 2018., Zagreb
- Advanced training in periodontal and peri-implant soft tissue management, Andreas Barbetseas DDS, hands on, 2018., Zagreb

Among all of these finished courses, we can proudly say that dr Daniel is today lecturing other doctors, maintaining „hands on“ GC implant courses, and sharing his knowledge.
